SOCIAL ASSISTANCE

FOSTER CARE

Care for children and youth deprived fully or partly of care from their natural family is organised in the framework of institutional or family foster care. At the end of 2015 in Warsaw there were 1411 foster families (by 3.1% more than a year earlier) and 10 family-type children's homes (as many as in 2014) providing care and upbringing to children deprived of parental care. Majority (73.4%) were foster families related to the child, 25.2% non-professional foster families and 0.7% professional foster families.

Foster families and family-type children's homes have provided care to 1760 children in charge, including 1315 (74.7%) under 18. Majority of foster carers were single (849 persons, i.e. 59.7%).

As of 31 December 2015 in Warsaw there were 47 care and education centres (by 3 more than a year earlier), of which 38 were socialization centres, 2 intervention centres, 2 specialist therapy centres and 5 family centres. Apart from institutional foster care, there were also 83 (in 2014 – 96) day support centres functioning in the following forms: general care – 60, specialized – 13, street work – 2, and combined forms – 8.

At the end of 2015, care and education centres provided care for 784 residents. Majority of them resided in socialization centres – 82.3%, followed by intervention centres – 9.4% and specialist therapy centres – 4.8%. Day support centres served 2461 children, mostly (76.0%) in general care centres, 12.1% in specialized centres;

9.6% children profited from combined form and 2.2% from street work. Care and education centres as well as day support centres received help in form of volunteer work. During 2015 in all types of centres there were 708 volunteers, out of which majority – 56.2% assisted day support centres.

SOCIAL WELFARE FACILITIES

As of 31 December 2015 in Warsaw there were 52 stationary social welfare facilities (alike in 2014), out of which 40.4% were social assistance houses. Stationary social welfare facilities had places for 3726 persons; this number increased by 0.5% over the year. According to the data of the end of 2015 in all such facilities there were 3460 residents (by 1.1% more than in the preceding year), of these 1340 persons (38.7%) were admitted during that year. Further 510 persons awaited for a place in stationary social welfare facilities. This number decreased by 6.8% in comparison with the previous year. Majority (89.8%) of them awaited a place in social assistance houses.

In 2015, as of end of the year, there were 1656 persons caring for the residents of such facilities, i.e. by 4.0% less than in the preceding year. Among the medical staff there were i.a.: 203 nurses, 35 physiotherapists and 26 doctors. 279 volunteers, i.e. by 3.8% less than in 2014, offered their selfless assistance to care for the elderly and disabled people.
