Chart 2. Share of entities of the national economy by selected sections of PKD (Nace Rev.) in 2019

Entities of the national economy by legal status

As in 2018, the vast majority, that is 812195, i.e. 95.1% of the total number of entities were private sector entities. Among entities of this sector, 68.9% represented natural persons conducting economic activity, primarily: in trade; repair of motor vehicles (120035 entities), professional, scientific and technical activities (92226 entities) and in construction (62731 entities).

There were 12101 public sector entities registered in the REGON register, which belonged mainly to the education section (4739 entities) and real estate activities (2619 entities).

Public sector entities accounted for only 1.4% of total units in the voivodship

Chart 3. Structure of entities of the national economy by legal status in 2019

At the end of December 2019, there were 559450 natural persons conducting economic activity registered in the REGON register, i.e. by 4.5% more than in the previous year. In the territorial cross-section, the highest increase took place in the following powiats: radomski (by 6.0%), piaseczyński and wołomiński (by 5.8% each), nowodworski, grodziski and warszawski zachodni (by 5.7% each). The decline was recorded in Płock (by 2.2%).

The highest share of natural persons in the total number of entities was in the powiats: zwoleński (83.7%) and radomski (83.6%), while the lowest in m.st. Warszawa (55.6%) and piaseczyński powiat (66.2%).

The number of registered commercial companies (170518) accounted for 32.7% of total commercial companies registered in the country. Over the year their number in the voivodship increased by 7.2%, and the largest decrease was recorded in the powiats: siedlecki and żyrardowski (by 14.5% each), sierpecki (by 10.4%), węgrowski and radomski (by 10.1% each). The decrease in the number of commercial companies (by 0.8%) was recorded in piaseczyński powiat.

The vast majority of commercial companies were capital commercial companies (88.4%) and they were mainly limited liability companies (86.1%). Out of partnerships (11.6%) the most popular legal status were limited partnerships (6.5% of total commercial companies) and unlimited partnerships (3.9%).

Chart 4. Commercial companies by type of capital

Activity of commercial companies concentrated primarily in the sections: trade; repair of motor vehicles (24.7%), professional, scientific and technical activities (16.8%), construction (9.9%), industry and information and communication (9.2% each).

At the end of December 2019, the number of registered commercial companies amounted to 58621, i.e. by 0.8% more than a year before. The highest increase was recorded in the powiats: łosicki (by 4.1%), wołomiński (by 3.9%), przysuski (by 3.4%), płocki (by 3.0%), sokołowski (by 2.9%). Whereas the highest drop was recorded in miński powiat (by 2.0%). Commercial companies concentrated their activities primarily in the sections: trade; repair of motor vehicles (40.9%), industry (12.0%) and professional, scientific and technical activities (10.4%).

As of 31 December 2019, there were 16593 associations and social organizations registered, which means a decrease by 4.3% as compared to the previous year. The highest increase was recorded in the powiats: wołomiński (a 9.8% increase), lipski (8.9%), piaseczyński (by 7.8%), mławski (by 7.6%), szydłowiecki (7.1%), żuromiński (by 6.8%). Whereas the decrease in the number of associations and social organizations applies only to łosicki powiat where fewer such entities were noted (by 0.9%).

The decrease was also recorded in the number of registered foundations (6.1% in annual terms) and at the end of December 2019 it amounted to 8481. The highest increase was recorded in m.st. Warszawa by 379 foundations, in the powiats: wołomiński – by 22, piaseczyński – by 16, warszawski zachodni – by 11. On the other hand, no decline was recorded in any powiat or city with powiat status.

There were 1816 cooperatives registered in Mazowieckie Voivodship, i.e. less by 1.0% compared to the previous year. The highest decrease concerned the powiats: białobrzeski (by 16.7%), gostyniński (by 11.8%), sierpecki (by 10.5%), Siedlce (by 8.3%), ostrowski (by 6.9%). The largest increase was recorded in the powiats: grójecki (by 5.4%), przasnyski (by 4.8%) and łosicki (by 4.2%). The above legal status was usually chosen by units conducting activity in the field of real estate activities – they accounted for 49.8% of total cooperatives.

At the end of December 2019, there were 12 state owned enterprises registered in the REGON register, whose number decreased by 7.7% compared to the previous year. Out of these enterprises, the largest number of units dealt with industry (50.0%).

Entities of the national economy by the number of employed persons

In Mazowieckie Voivodship, entities belonging to the group of micro enterprises (which at the moment of entering the REGON register provided for employment of up to 9 persons) prevailed, and accounted for 96.5% of total registered units. The share of small entities (with expected number of 10 to 49 employed persons) amounted to 2.8%, and medium-sized enterprises (expected number of 50 to 249 employed persons) and large (expected number of 250 and more employed persons) amounted to 0.6% and 0.1%, respectively.

96.5% of total entities accounted for micro enterprises

Micro enterprises most often conducted activity in the following sections: trade; repair of motor vehicles, professional, scientific and technical activity and construction. In the group of small entities, except for trade; repair of motor vehicles dominated also units dealing with education and industry. Among medium entities, the following sections prevailed: education, industry and trade; repair of motor vehicles. In the case of large entities, the highest share concerned the following sections: industry, public administration and defence; compulsory social security and trade; repair of motor vehicles.

Entities of the national economy newly registered and deregistered

In 2019, there were 70530 new entities of the national economy registered in the REGON register, i.e. by 2.5% less than in the previous year. Natural persons conducting economic activity accounted for 71.8% of total new entities, while the share of companies amounted to 23.3%. Most new units were created in Warszawa (36644) and in the following powiats: wołomiński (3025), piaseczyński (2911) and pruszkowski (2224). Whereas the fewest new units were created in the following powiats: biało-brzeski (217), łosicki (221) and zwoleński (227).

In 2019, there were 47 liquidated entities per every 100 newly registered entities, while this rate was higher in mazowieckie regionalny region than in warszawski stołeczny – it was respectively 56 and 44

Chart 5. Entities of the national economy newly registered and deregistered in 2010–2019

^a The increase in the number of entities deregistered in 2011 and 2018 was affected by the update of the REGON register based on information about deceased persons obtained from the PESEL register and an update based on information from the National Court Register on entities deleted from the National Court Register.

During the year, 33105 entities were deregistered from the REGON register (by 50.0% less than throughout 2018) and they were mainly natural persons conducting economic activity (81.2%). Most units were deregistered in m.st Warszawa (14807), piaseczyński powiat (1466), wołomiński (1439), Radom (1312), pruszkowski powiat (1131). Whereas the fewest deregistrations were recorded in the following powiats: lipski and łosicki – by 99 each.

The number of entities with suspended activity at the end of December 2019 amounted to 77572, i.e. by 17.2% more than a year before. The vast majority of these entities (91.0%) accounted for natural persons conducting economic activity.

In 2019, the indicator measured by the ratio of the number of units removed from the register to the number of newly registered units in the voivodship amounted to 46.9%. The highest value of this indicator was recorded in Płock (104.9%), Radom (67.9%), żuromiński powiat (64.9%). The lowest value was recorded in m.st. Warszawa (40.4%), garwoliński powiat (41.3%), siedlecki powiat (42.0%), nowodworski (42.8%), sokołowski (43.7%), łosicki (44.8%).

Entities of the national economy per 1000 population¹

In 2019, in Mazowieckie Voivodship there were 157.9 entities of the national economy registered in the REGON register per 1000 population. The highest values of this rate concerned m.st Warszawa (255.9) and the following powiats: piaseczyński (194.6), pruszkowski (181.8), warszawski zachodni (176.1). While the lowest rates of intensity were recorded in the following powiats: zwoleński (66.3), ostrołęcki (68.1), sierpecki (69.7) and przysuski (70.5).

The number of registered entities per 1000 residents was nearly 2.5 times higher in warszawski stołeczny region than in mazowiecki regionalny
