swimming pool for a child
1 hour

Source of information on retail prices of goods and services are quotations of prices according to a centrally determined list of representatives. Prices are quoted in selected 6 regions.

The collected information is a set for calculating the average monthly prices of all representatives. It is recommended to list prices in the same points of sale for a period of at least 1 year.

^a Intermediate level.
^b average monthly fee for the duration of the contract for the use of cable television and the Internet with the cable television network operator (excluding encrypted channels).

↑↓ increase/decrease compared to the corresponding period of the previous year
